

Pharmacy Department Policy - January 2026

Document ID: PHARM-2026-01

Department: pharmacy

Document Date: 2026-01-05

Pharmacy Medication Dispensing Policy

This policy applies to standard medication orders processed by the hospital pharmacy.

The target dispensing time for standard medication orders is 30 minutes from receipt of a valid order.

Pharmacy staff should prioritize urgent medication requests according to clinical priority.

The 30-minute target is the operational standard defined by this version of the pharmacy policy.

This policy was issued on January 5, 2026.
